CARE FOR WORK ENVIRONMENTS®

NutriPro™

Wastewater Collection Treatment

WHAT IS NUTRIPRO?

NutriPro is a highly concentrated, powerful nutrient package used in lift stations, forced mains and collection lines.

HOW DOES IT CONTROL H₂S?

NutriPro is part of a comprehensive program to help control hydrogen sulfide odors. NutriPro is used in conjunction with State's biological wastewater product Pit Raider, to help quickly bring down hydrogen sulfide gas levels to prevent dangerous conditions and corrosion.

ADVANTAGES:

- Inhibits hydrogen sulfide gas generation and also oxidizes existing sulfide odors
- Augments the performance of State's biological treatments
- Remains effective under varying conditions and flow rates

DIRECTIONS FOR USE:

For wastewater applications, consult your State Account Manager.

TECHNICAL DATA:

Appearance: clear, colorless

Scent: odorless

Density: 11.5 lbs./gal.

Working temperature range: 120°F to below 0°F (48°C to below -18°C)

Effect on sewage plant bacteria: none

Shelf life: 2 years
